Sweet Rides: Vehicles!

First introduced in *Munchkin Impossible*, Vehicles are an important new tool in the munchkins’ quest to stay alive and grab the best loot from the carnage.

Here are the rules governing Vehicles. (Some of the rules below contradict the corresponding rules in *Munchkin Impossible*; treat these rules as official errata for that set.)

Vehicles in *Apocalypse* are all Big items, but (like Steeds and Ships) they do not count against your Big item total. Vehicles in *Impossible* games are not indicated as Big items, because *Impossible* has no Big items, but if you blend *Impossible* with another set, treat Vehicles as Big items there, too.

You may only have one Vehicle at a time, unless you have a card that lets you have more.

If your Vehicle has a bonus or penalty to Run Away, that bonus or penalty replaces any such bonuses or penalties that your character would otherwise have. If your Vehicle has a Run Away penalty, you may choose to abandon it (to the discard pile) before rolling.

Except as noted above, Vehicles are Items and follow all rules for Items in *Munchkin Apocalypse*. You may play Item Enhancers on a Vehicle.

In games blending *Apocalypse* with other *Munchkin* sets, treat Vehicles and Steeds as equivalent. Anything referring to one type of card includes the other.
