This booster can be used with just the Munchkin core set, or with as many expansions as you like. However, the more expansions you use, the more you dilute the special interactions in this set (especially the Santa monsters). To improve your chances of seeing the special cards from this set, leave them out of each deck while you shuffle the rest of the cards. Then take the top inch or so of cards from the Door deck, shuffle the Reindeer Games Door cards into that stack (along with those from Waiting for Santa and Santa's Revenge, if you have those boosters) and replace the stack on top of the Door deck. Do the same with the Treasure cards.
Santa, Santa Everywhere

The monsters in this set, like those in *Waiting for Santa* and *Santa’s Revenge*, are all marked as Santa monsters. Whenever a Santa monster is in combat, any player may play another Santa monster to help it without using a Wandering Monster card. (*Munchkin Axe Cop* also has a few Santa monsters, in case you want the complete set.)

If you own *Unnatural Axe*, then *Santa* from that set is also a Santa monster. Duh. You can pull Santa out of your *Unnatural Axe* set and add him to this one if you want (and we think you should), whether or not you use the rest of *Unnatural Axe*.
