We’re returning to the world of Warhammer 40,000 with two of the most iconic Armies to be found in that setting: the Genestealer Cults and the Adeptus Mechanicus. Add a little gorepunk to your game!

**Combining Cults and Cogs With Other Expansions (Or Not)**

Cults and Cogs includes one extra copy of each Army from the other two Munchkin Warhammer 40,000 expansions, Faith and Firepower and Savagery and Sorcery. With the five copies of the new Armies in this expansion, you can mix all three expansions into your Munchkin Warhammer 40,000 core game and have five copies of every Army in the game.

If you choose not to mix all your sets together, or you don’t yet have all the expansions, you may want to reduce the number of Army cards in this set so you have an equal number of cards for the Armies you do have.
