

The most elite warriors of the Imperium are the towering golden champions of the **Adeptus Custodes**. Among the newest threats they face are the pragmatic warriors of the **Leagues of Votann**, who have emerged from the galactic core to conquer worlds and claim their resources. One of the oldest threats the Imperium faces is the traitorous legion of the **World Eaters**. These warriors dedicate themselves to the god of slaughter, reveling in the shedding of blood and harvesting of skulls. Add these new armies to your *Munchkin Warhammer 40,000* game along with a variety of new monsters and treasures.
